Note: Cancellation Charges apply if there are any amendments to the installation address and RFS date once we have accepted your application. 1. The Service Level Agreement (SLA) for standard broadband installation is approximately 14 to 21 working days. This timeframe is subject to change due to unforeseen circumstances, including but not limited to issues such as obtaining permits from building management or tenants, requirements for deposits by Building Management, or orders for reclassification. Please be aware that this list of potential delays is not exhaustive. 2. Should you decide to cancel the service before the installation has been carried out, a cancellation fee equivalent to 50% of the Total Contract Value (TCV) will be charged. 3. In the event of cancellation after the installation has been completed, a fee amounting to 100% of the Total Contract Value (TCV) will be charged. 4. Rescheduling fees will apply if the installation needs to be rescheduled for any reason, e.g. unit is not prepared for Fibre Termination Point (FTP) installation, or if the unit has not been officially occupied by the tenant, thereby preventing the installation from proceeding.
